• NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Galway.

CENSUS OF IRELAND, 1881.

COUNTY OF GALWAY.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Galway from the Census Returns of 1881.

SUMMARY.

The County of Galway covers an area of 1,569,505 statute acres, or 7·6 per cent. of the total area of the country.

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 134,725 acres under tillage, 85,345 under meadow and clover, and 741,803 under pasture, making a total of 961,873 acres of Arable Land, or 65·0 per cent. of the total extent of land in the County; 24,397 acres, or 1·7 per cent. under Plantations, 236,287 or 16·0 per cent. under Bog and Marsh; and 202,719 or 13·7 per cent. under barren Mountain Land. The remaining 53,957 acres or 3·6 per cent. were returned as under "Roads, Fences, &c., &c."

The number of persons in the County of Galway according to the Census was—in 1841, 440,198; in 1851, 321,684; in 1861, 271,478; in 1871, 249,720*; and according to the recent Census 242,005 (120,609 Males and 121,396 Females) or 3·1 per cent. less than in 1871.

The number of distinct Families in the County at the time of the late enumeration was 44,455, the average number of persons in a family being thus 5·36; and the number of Inhabited Houses was 42,954, showing an average of 5·55 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease in each during the decade:—

From the foregoing statement it will be observed that an increase took place in the Baronies of Moycullen, Aran, and Ross, and that the highest per-centages of decrease occurred in Dunkellin, Longford, and Clare, viz., 8·5, 7·3, and 5·9 respectively. There was an increase in the Poor Law Union of Oughterard, and in that portion of Ballinrobe situated in this county; the highest per-centages of decrease occurred in the portions of Roscommon and Scarriff situated in this county.

Of the persons enumerated in the county in 1881, 93·96 per cent. were born therein, 1·94 per cent. in other counties of the Province of Connaught; 1·19 per cent. in Leinster; 1·29 per cent. in Munster; 0·45 per cent. in Ulster; 0·94 per cent. in Great Britain; 0·23 per cent. were born abroad; and 5 persons were born at sea.

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts. The county contains 3 such districts, viz., Galway, Loughrea, and Tuam, and portion of another (Ballinasloe), in 1871 the total population thereof amounted to 27,051; in 1881 it was 26,022, showing a decrease of 1,029, or 3·8 per cent.; in the rural district of the county the decrease was 3·0 per cent.

The county returns 2 Members to Parliament, the constituency in 1881 being 4,807, and the borough of Galway, with a constituency of 1,117, returns 2 Members.

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

RELIGIOUS PROFESSIONS.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.

* Inishboffin, having a population in 1871 of 1,362, was, in 1873, transferred by an Order in Council, from the county of Mayo to that of Galway. For the sake of comparison with 1881, the population thereof in 1871 (1,362—1,269 Roman Catholics, and 93 Protestant Episcopalians) has been included in the above.

† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

From the preceding Table it will be seen that of the total population of the County, in 1881, 96·7 per cent. were Roman Catholics, 2·9 per cent. Protestant Episcopalians, 0·3 per cent. Presbyterians, and 0·1 per cent. Methodists. During the decade there was a decrease in the number of Roman Catholics of 2·9 per cent., and of Protestant Episcopalians, 8·1; there was an increase of 34 in the number of Presbyterians, and of 5 in the number of Methodists.

Education
Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Galway in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

DEGREES OF ELEMENTARY EDUCATION.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	69,871	28·1	89,195	36·9
Read only,	24,716	10·0	26,497	10·9
Illiterate,	153,871	61·9	126,313	52·2
Total,	248,458	100·	242,005	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 28·1 per cent. of the inhabitants could "read and write," in 1881, 36·9 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 10·0, and in 1881, 10·9; and that the per-centage of the "illiterate" fell from 61·9 in 1871 to 52·2 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	106,583	110,284	216,869	106,146	107,446	213,592
Number of ditto Illiterate,	55,125	67,157	122,282	45,339	52,661	97,900
Proportion per cent.,	51·7	60·9	56·4	42·7	48·9	45·8

From the foregoing statement it will be seen that, in 1871, 56·4 per cent. of the inhabitants, aged five years and upwards, were Illiterate (51·7 per cent. of the males, and 60·9 of the females), and that, in 1881, the per-centage was but 45·8 (42·7 of the males and 48·9 of the females).

Religious
Professions
and Education.
(Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 47·2 per cent. of Roman Catholics, 6·6 per cent. of Protestant Episcopalians, 3·1 per cent. of Presbyterians, 3·0 per cent. of Methodists, and 1·3 per cent. of "All other Denominations" were Illiterate.

School
Attendance.
(Table xxxvii.)

The number of children attending school in the County of Galway, according to the Census of 1871 (week ending 17th June), was 23,739, or 26·8 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 28,519, or 31·5 per cent. of the persons aged 5 and under 20.

The Sick.
(Table x.)

In 1871 the number of persons in the County of Galway returned as Sick, on the night of the Census, was 1,819, or 1 in every 137 of the population; in 1881 the number so returned was 1,567, or 1 in every 154 of the population; of the latter number 884 were at their own homes, and 683 were in hospital.

Pauperism.
(Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 2,404, or 1 in every 103 of the population, of this number 2,016 were inmates of Workhouses, and 388 were in receipt of outdoor relief; in 1881 the number returned was 4,055, or 1 in every 60 of the population, 2,012 of these being in the Workhouses, and 2,043 on outdoor relief.

Marriages,
Births, and
Deaths.
(Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Galway, during the ten years ending 31st March, 1881, was 8,648, equal to an average annual rate of 3·5 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 64,461, affording an average annual rate of 26·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The deaths registered during the decennium amounted to 37,336, being equal to an average annual rate of 15·2 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration.
(Table
xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March 1881, amounted to 23,665 (11,891 males and 11,774 females); the number for the previous decade was 38,758, and for that ending with March, 1861, 50,838, making a total of 113,261 for the thirty years.

Registration of
Births and
Deaths and
Emigration.
Decrease in the
Population.

The number of Births registered during the ten years ending 31st March, 1881, being 64,461, and the number of Deaths 37,336, a natural increase of 27,125 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 23,665, the net result shown is an increase of 3,460, whereas, according to the Census Returns, a decrease of 7,715 is shown, a disparity to be accounted for mainly by defective registration of Deaths in the earlier years, and to some extent by incomplete returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The Civic District comprises all the township of Galway.

NOTE.—The plan of classification in the foregoing Tables is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First class accommodation, consisting of 1st class houses occupied by one family.

Second class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third class accommodation, comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the country. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.
(a) In this Class, Order, and Sub-Order, are included all persons aged 15 years and upwards, returned as "Scholar" or "Student"

THE PEOPLE.

* The designation "Primary" has been applied in Irish Census publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Leitrim; and purpose giving similar Tables from time to time, for each County of the Province of Connaught, at such intervals as the progress of the work will permit.

CENSUS OF IRELAND, 1881.

COUNTY OF LEITRIM.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Leitrim from the Census Returns of 1881.

SUMMARY.

The County of Leitrim covers an area of 392,363 statute acres, or 1·9 per cent. of the total area of the country.

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 36,219 acres under tillage, 46,338 under meadow and clover, and 208,644 under pasture, making a total of 291,201 acres of Arable Land, or 79·0 per cent. of the total extent of land in the County; 3,764 acres, or 1·0 per cent. under Plantations; 34,118 or 9·3 per cent. under Bog and Marsh; and 28,659 or 7·8 per cent. under barren Mountain Land. The remaining 10,873 acres or 2·9 per cent. were returned as under "Roads, Fences, &c., &c."

The number of persons in the County of Leitrim, according to the Census was—in 1841, 155,297; in 1851, 111,897; in 1861, 104,744; in 1871, 95,562; and according to the recent Census **90,372** (45,190 Males and 45,182 Females) or 5·4 per cent. less than in 1871.

The number of distinct Families in the County at the time of the late enumeration was 16,597, the average number of persons in a family being thus 5·40; and the number of Inhabited Houses was 16,351, showing an average of 5·48 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease in each during the decade:—

BARONIES.	Population.		Decrease between 1871 and 1881.		POOR LAW UNIONS.	Population.		Decrease between 1871 and 1881.	
	1871.	1881.	Number.	Rate per cent.		1871.	1881.	Number.	Rate per cent.

Drumahaire,	25,306	23,870	1,436	5·7	Bawnboy, part of,	11,500	11,036	464	4·0
Leitrim,	17,557	16,554	1,003	5·7	Carrick-on-Shannon, part of,	18,371	17,182	1,189	6·5
Mohill,	19,584	18,578	1,006	5·1	Manorhamilton,	30,667	29,135	1,532	5·0
Roslogher,	16,571	14,907	1,664	10·0	Mohill,	27,715	26,008	1,707	6·2
Total,	95,562	90,372	5,190	5·4	Total,	95,562	90,372	5,190	5·4

From the foregoing statement it will be observed that the highest percentage of decrease in the Baronies took place in Carrigallen, viz., 6·3; and the lowest in that of Roslogher, 3·7. The highest percentage of decrease in the Poor Law Unions occurred in Mohill, and the lowest in that portion of Bawnboy situated in this County.

Of the persons enumerated in the County in 1881, 93·47 per cent. were born therein, 2·29 in other counties of the Province of Connaught; 1·17 per cent. in Leinster; 0·25 per cent. in Munster; 2·27 per cent. in Ulster; 0·44 per cent. in Great Britain; 0·11 per cent. were born abroad; and one of the inhabitants was born at sea.

The county returns two Members to Parliament, the constituency in 1881 being 2,294.

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade:—

RELIGIOUS PROFESSIONS.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871-1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	85,974	81,470	90·0	90·2	—	4,504	5·2
Protestant Episcopalians,	8,385	7,785	8·6	8·6	—	600	7·2
Presbyterians,	864	297	0·9	0·3	—	567	65·4
Methodists,	786	883	0·8	0·9	47	—	6·0
All other Denominations (and Religious unascertained),	58	87	0·1	—	—	16	27·5
Information refused,*	—	—	—	—	—	—	—
Total,	95,562	90,372	100·	100·	—	5,190	5·4

From the above Table it will be seen that of the total population of the County in 1881, 90·2 per cent. were Roman Catholics, 8·6 per cent. Protestant Episcopalians, 0·3 per cent. Presbyterians, and 0·9 per cent. Methodists. During the decade there was a decrease in the number of Roman Catholics of 5·2 per cent.; Protestant Episcopalians, 7·8, and Presbyterians, 18·4—there was an increase of 47 in the number of Methodists.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Education.
(Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Leitrim in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

DEGREES OF ELEMENTARY EDUCATION.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	88,492	40.3	47,311	52.3
Read only,	17,515	18.3	14,430	16.0
Illiterate,	89,555	41.4	28,631	31.7
Total,	95,562	100.	90,372	100.

From the above it will be seen that whereas, according to the Returns of 1871, only 40.3 per cent. of the Inhabitants could "read and write," in 1881, 52.3 per cent. could do so ; that the per-centage of the population who could "read only" in 1871 was 18.3, and in 1881, 16.0 ; and that the per-centage of the "illiterate" fell from 41.4 in 1871 to 31.7 in 1881.

(Table xxviii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards, .	41,507	41,746	83,313	39,749	39,887	79,686

Proportion per cent.,	29.8	35.8	32.8	21.8	23.2	22.5

From the foregoing statement it will be seen that, in 1871, 32.8 per cent. of the inhabitants, aged five years and upwards, were Illiterate (29.8 per cent. of the males and 35.8 per cent. of the females), and that, in 1881, the per-centage was but 22.5 (21.8 of the males and 23.2 of the females).

Religious
Professions

(Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 24.1 per cent. of Roman Catholics, 8.8 per cent. of Protestant Episcopalians, 4.8 per cent. of Presbyterians, 3.1 per cent. of Methodists, and 3.3 per cent. of "all other Denominations" were Illiterate.

Attendance.
(Table xxxvii.)

The number of children attending school in the County of Leitrim, according to the Census of 1871 (week ending 17th June), was 12,582 or 35.3 per cent. of persons aged 5 years and under 20 ; in 1881 the number returned (for week ending 14th May), was 13,312, or 38.2 per cent. of the persons aged 5 and under 20.

The Sick.
(Table x.)

In 1871 the number of persons in the County of Leitrim returned as Sick, on the night of the Census, was 736, or 1 in every 130 of the population ; in 1881 the number so returned was 554, or 1 in every 163 of the population ; of the latter number 323 were at their own homes, and 231 were in hospital.

Pauperism.
(Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 830, or 1 in every 115 of the population, of this number 513 were inmates of Workhouses, and 317 were in receipt of outdoor relief ; in 1881 the number returned was 1,515, or 1 in every 60 of the population, 688 of these being in the Workhouses, and 827 on outdoor relief.

Marriages,
Births, and
Deaths.
(Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act ; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Leitrim during the ten years ending 31st March, 1881, was 3,694, equal to an average annual rate of 4.0 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4.7 per 1,000.

The number of Births registered in the County during the ten years was 24,542, affording an average annual rate of 26.3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26.3 per 1,000.

The Deaths registered during the decennium amounted to 13,571, being equal to an average annual rate of 14.6 per 1,000 ; the corresponding rate for the whole of Ireland was 18.3 per 1,000.

Emigration.
(Table
xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 12,683 (6,533 males and 6,150 females); the number for the previous decade was 13,980, and for that ending with March, 1861, 16,820, making a total of 43,483 for the thirty years.

Registration of
Births and
Deaths and
Emigration.
Decrease in
the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 24,542, and the number of Deaths 13,571 ; a natural increase of 10,971 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 12,683, the net result shown is a decrease of 1,712 ; this number differs from the decrease (5,190) in the population, as shown by the Census Returns, to the extent of 3,478, a disparity to be accounted for mainly by defective registration of Deaths in the earlier years, and to some extent by incomplete Returns of Emigrants ; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The civic districts comprise all municipal boroughs, townships, and towns of 2,000 inhabitants and upwards, of which there are not any in the county of Leitrim.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described—
The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.
Four classes have been adopted, and the result is,—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.
The accommodation which the houses afford has also been arranged under four classes, viz. —
First class accommodation consisting of 1st class houses, occupied by one family.
Second class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.
Third class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.
Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English: while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first, of which there are none in the county of Leitrim. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Mayo.

CENSUS OF IRELAND, 1881.

COUNTY OF MAYO.

IN addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Mayo from the Census Returns of 1881.

SUMMARY.

The County of Mayo covers an area of 1,360,731 statute acres, or 6·5 per cent. of the total area of the Area country.

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 136,604 acres under tillage, 42,739 under meadow and clover, and 545,040 under pasture, making a total of 724,383 acres of Arable Land, or 55·6 per cent. of the total extent of land in the County; 10,703 acres, or 0·8 per cent. under Plantations, 303,479 or 23·3 per cent. under Bog and Marsh; and 218,194 or 16·7 per cent. under barren Mountain Land. The remaining 47,038 acres or 3·6 per cent. were returned as under "Roads, Fences, &c., &c."

The number of persons in the County of Mayo according to the Census was—in 1841, 388,887; in 1851, 274,449; in 1861, 254,796; in 1871, 244,768*; and according to the recent Census **245,212 (119,421 Males and 125,791 Females)** or 0·2 per cent. more than in 1871.

The number of distinct Families in the County at the time of the late enumeration was 43,401, the average number of persons in a family being thus 5·58; and the number of Inhabited Houses was 42,458, showing an average of 5·74 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease in each during the decade:—

(Table ii.)

Families and Houses.

Baronies and Poor Law Unions.
(Tables iii. and vi.)

From the foregoing statement it will be observed that the highest per-centages of increase in the Baronies took place in Erris, Clanmorris, and Gallen, viz., 3·7, 2·0, and 2·0 respectively; there was a decrease in Kilmaine, Tirawley, and Costello of 4·9, 1·2 and 0·2 per cent. respectively. The highest per-centage (4·4) of increase in the Poor Law Unions occurred in Belmullet, and the greatest per-centage (4·6) of decrease took place in that portion of Ballinrobe situated in this county.

Of the persons enumerated in the county in 1881, 96·29 per cent. were born therein, 1·71 per cent. in other counties of the Province of Connaught; 0·52 per cent. in Leinster; 0·33 per cent. in Munster; 0·29 per cent. in Ulster; 0·72 per cent. in Great Britain; 0·14 per cent. were born abroad; and 4 persons were born at sea.

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains 3 such districts, viz., Castlebar, Westport, and Ballinrobe, and portion of another (Ballina), in 1871 the total population thereof amounted to 14,703; in 1881 it was 14,928, showing an increase of 225; in the rural district of the county there was an increase of 219 persons.*

The county returns 3 Members to Parliament, the constituency in 1881 being 3,067.

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.
(Table xxviii.)

* Inishbofin (Poor Law Union of Clifden) was in 1873 transferred by an Order in Council from the County of Mayo to that of Galway; for the purpose of comparison with 1881, the population thereof in 1871 (1,262 persons, 1,269 Roman Catholics, and 3 Protestant Episcopalians) has been omitted from the above.

† In 1871 there were 95 persons returned on the Census forms as "Protestants," concerning whose religious profession no further information could be obtained; in 1881 there were but 9 persons so returned.

‡ The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

From the preceding Table it will be seen that of the total population of the County, in 1881, 97·1 per cent. were Roman Catholics, 2·3 per cent. Protestant Episcopalians, 0·4 per cent. Presbyterians, 0·1 per cent. Methodists, and 0·1 per cent. members of "All other Denominations." During the decade there was an increase in the number of Roman Catholics of 0·5 per cent.; there was a decrease in the number of Protestant Episcopalians of 8·5 per cent.; Presbyterians, 13·8 per cent.; and Methodists, 13·0 per cent.

Education
(Table xxx.) The following statement shows the Educational Status of the Inhabitants of the County of Mayo in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

DEGREES OF ELEMENTARY EDUCATION.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	60,901	24·8	85,141	34·7
Read only,	29,270	11·9	32,914	13·4
Illiterate,	155,859	63·3	127,157	51·9
Total,	246,030	100·	245,212	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 24·8 per cent. of the inhabitants could "read and write," in 1881, 34·7 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 11·9, and in 1881, 13·4; and that the per-centage of the "illiterate" fell from 63·3 in 1871 to 51·9 in 1881.

(Table xxxli.) The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	103,425	108,082	211,507	103,746	110,298	214,030
Number of ditto Illiterate,	53,609	67,637	121,246	42,455	53,529	95,984
Proportion per cent.,	51·9	62·6	57·4	40·9	48·5	44·8

From the foregoing statement it will be seen that, in 1871, 57·4 per cent. of the inhabitants, aged five years and upwards, were Illiterate (51·9 per cent. of the males, and 62·6 of the females), and that, in 1881, the per-centage was but 44·8 (40·9 of the males and 48·5 of the females).

Religious Professions and Education.
(Table xxxlii.) Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 45·9 per cent. of Roman Catholics, 8·7 per cent. of Protestant Episcopalians, 4·3 per cent. of Presbyterians, 3·1 per cent. of Methodists, and 2·5 per cent. of "All other Denominations" were Illiterate.

School Attendance.
(Table xxxvii.) The number of children attending school in the County of Mayo, according to the Census of 1871 (week ending 17th June), was 18,823, or 21·0 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 26,701, or 27·5 per cent. of the persons aged 5 and under 20.

The Sick.
(Table x.) In 1871 the number of persons in the County of Mayo returned as Sick, on the night of the Census, was 1,481, or 1 in every 166 of the population; in 1881 the number so returned was 1,596, or 1 in every 154 of the population; of the latter number 962 were at their own homes, and 634 were in hospital.

Fauperism.
(Table x.) The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,528, or 1 in every 161 of the population, of this number 1,254 were inmates of Workhouses, and 274 were in receipt of outdoor relief; in 1881 the number returned was 3,601, or 1 in every 68 of the population, 1,502 of these being in the Workhouses, and 2,099 on outdoor relief.

Marriages, Births, and Deaths.
(Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Mayo, during the ten years ending 31st March, 1881, was 9,435, equal to an average annual rate of 3·9 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 67,886, affording an average annual rate of 27·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The deaths registered during the decennium amounted to 33,825, being equal to an average annual rate of 13·8 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration.
(Table xxxviii.) The number of Emigrants from the County during the ten years ending 31st March 1881, amounted to 24,705 (11,728 males and 12,977 females); the number for the previous decade was 27,496, and for that ending with March, 1861, 29,317, making a total of 81,518 for the thirty years.

Registration of Births and Deaths and Emigration.
Increase in the Population.* The number of Births registered during the ten years ending 31st March, 1881, being 67,886, and the number of Deaths 33,825, a natural increase of 34,061 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 24,705, the net result shown is an increase of 9,356, whereas, according to the Census Returns, there was an increase in the population of only 444,* a disparity to be accounted for mainly by defective registration of Deaths in the earlier years, and to some extent by incomplete returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

NOTE.—The Census of 1881 is the first that affords a means of comparison with those of subsequent decades. The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, and 1881, but not in previous Censuses. The number in the County of Mayo in 1871 was 425, and in 1881, 579. There were none in 1861.

(a) The Parish of Inishbofin, which in 1861 contained 250 houses (247 inhabited and 3 uninhabited), and 1,166 persons, was transferred from the Barony of Murrisk, County of Mayo, to the Barony of Ballynakinch, County of Galway, by an Order in Council, which took effect on the 1st February, 1873. The figures for previous Censuses in this Table have not been altered, and the increase shown has been calculated on the figures for the area published in 1871.

TABLE III.—AREA, HOUSES, and POPULATION, in 1841, 1851, 1861, 1871, and 1881, of each *BARONY* of the County of MAYO; also the General Valuation in 1881.

(c) The remainder is in the township of Westport; the figures for 1841, 1861, and 1861 are for the entire townland.

(a) The Civic Districts comprise the townships of Ballina (part of), Castlebar, and Westport, and the town of Ballinrobe.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz. :—

First class accommodation, consisting of 1st class houses occupied by one family.

Second class accommodation, consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third class accommodation, comprising 3rd class houses with one family each, or 2nd class houses with two or three families, and 1st class houses occupied by four or five families.

Fourth class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons aged 15 years and upwards, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.
† These form the second group in the classification of the National Board; the Model Schools being the first, of which there are none in the county of Mayo. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest ; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Roscommon.

CENSUS OF IRELAND, 1881.

COUNTY OF ROSCOMMON.

IN addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Roscommon from the Census returns of 1881.

SUMMARY.

The County of Roscommon covers an area of 607,691 statute acres, or 2·9 per cent. of the total area of the country. Area.

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 65,197 acres under tillage, 68,367 under meadow and clover, and 335,118 under pasture, making a total of 468,682 acres of Arable Land, or 81·1 per cent. of the total extent of land in the County; 7,169 acres, or 1·2 per cent., under Plantations; 87,381 or 15·1 per cent., under Bog and Marsh; and 5,149, or 0·9 per cent., under barren Mountain Land. The remaining 9,940 acres, or 1·7 per cent., were returned as under "Roads, Fences, &c., &c." Distribution of Land. (Table i.)

The number of persons in the County of Roscommon according to the Census was—in 1841, 253,591; in 1851, 173,436; in 1861, 157,272; in 1871, 140,670; and according to the recent Census, **132,490** (66,657 Males, and 65,833 Females) or 5·8 per cent. less than in 1871. Population. (Table ii.)

The number of distinct Families in the County at the time of the late enumeration was 24,115, the average number of persons in a family being thus 5·38; and the number of Inhabited Houses was 23,717, showing an average of 5·48 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted. Families and Houses.

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade. Baronies and Poor Law Unions. (Tables iii. and vi.)

From the foregoing Statement it will be observed that the highest percentages of decrease in the Baronies took place in Ballymoe and Boyle, viz., 10·9 and 9·7 respectively; and the lowest in Castlereagh and Moycarn, 0·8 each. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Carrick-on-Shannon situated in this County, and the lowest in that portion of Ballinasloe similarly situated.

Of the persons enumerated in the County in 1881, 92·79 per cent. were born therein, 3·64 per cent. in other counties of the Province of Connaught; 1·53 per cent. in Leinster; 0·41 per cent. in Munster; 0·37 per cent. in Ulster; 1·01 per cent. in Great Britain; 0·25 per cent. were born abroad, and 6 persons were born at sea. Birthplaces of the Inhabitants. (Table xxiv.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts. Civic Districts. (Table v.)

The county contains two such districts and portion of two others; in 1871 the total population thereof amounted to 10,043; in 1881 it was 9,741, showing an decrease of 302 or 3·0 per cent., in the rural district of the county the decrease was 6·0 per cent.

The county returns two Members to Parliament, the constituency in 1881 being 3,399, and the borough of Athlone (portion of which is situated in this County), with a constituency of 337, for the entire borough, returns one Member. Parliamentary Representation. (Table v.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:— Religious Professions. (Table xxviii.)

RELIGIOUS PROFESSIONS.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871-1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	185,225	127,818	90·1	96·5	—	7,412	5·5
Protestant Episcopalians,	4,801	4,137	8·4	3·1	—	664	13·8
Presbyterians,	356	807	0·3	0·2	—	49	13·8
Methodists,	149	165	0·1	0·1	16	—	10·7
All other Denominations (and Religion unspecified), *	139	67	0·1	0·1	—	72	51·8
Information refused, †	—	1	—	—	1	—	—
Total,	140,670	132,490	100·	100·	—	8,180	5·8

From the above Table it will be seen that of the total population of the County, in 1881, 96·5 per cent. were Roman Catholics, 3·1 per cent. Protestant Episcopalians, 0·2 per cent. Presbyterians, 0·1 per cent. Methodists,

* In 1871 there were 24 persons returned on the Census Forms as "Protestants" concerning whose Religious Profession no further information could be obtained; and in 74 instances the Religious Persuasion was unspecified; in 1881 there were but 3 persons so returned.
† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

and 0·1 per cent. members of "all other Denominations." During the decade there was a decrease in the number of Roman Catholics of 5·5 per cent.; Protestant Episcopalians and Presbyterians, 13·8 per cent. each; there was an increase of 16 in the number of Methodists.

Education.
(Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Roscommon in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

DEGREES OF ELEMENTARY EDUCATION.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	54,101	38·5	66,858	50·4
Read only,	20,710	14·7	18,373	13·9
Illiterate,	65,859	46·8	47,259	35·7
Total,	140,670	100·	132,490	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 38·5 per cent. of the Inhabitants could "read and write," in 1881, 50·4 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 14·7, and in 1881, 13·9; and that the per-centage of the "illiterate" fell from 46·8 in 1871 to 35·7 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards, .	61,389	61,065	122,454	58,908	58,407	117,315
Number of ditto Illiterate,	21,589	26,054	47,643	15,150	16,929	32,079
Proportion per cent.,	35·1	42·7	38·9	25·7	29·0	27·3

From the foregoing statement it will be seen that, in 1871, 38·9 per cent. of the inhabitants, aged five years and upwards, were illiterate (35·1 per cent. of the males and 42·7 per cent. of the females), and that, in 1881, the percentage was but 27·3 (25·7 of the males and 29·0 of the females).

Religious
Professions
and Education.
(Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 38·2 per cent. of Roman Catholics, 4·1 per cent. of Protestant Episcopalians, 3·4 per cent. of Presbyterians, 0·7 per cent. of Methodists, and 1·7 per cent. of "All other Denominations" were illiterate.

School
Attendances.
(Table xxxvii.)

The number of children attending school in the County of Roscommon, according to the Census of 1871 (week ending 17th June), was 17,165 or 33·0 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 17,734, or 34·7 per cent. of the persons aged 5 and under 20.

Sick.
(Table x.)

In 1871 the number of persons in the County of Roscommon returned as Sick, on the night of the Census, was 1,116, or 1 in every 126 of the population; in 1881 the number so returned was 807, or 1 in every 164 of the population; of the latter number, 381 were at their own homes, and 426 were in hospital.

Pauperism.
(Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,775 or 1 in every 79 of the population, of this number 1,065 were inmates of Workhouses, and 710 were in receipt of outdoor relief; in 1881 the number returned was 2,809 or 1 in every 46 of the population, 1,144 of these being in the Workhouses, and 1,765 on outdoor relief.

Marriages,
Births, and
Deaths.
(Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Roscommon, during the ten years ending 31st March, 1881, was 5,052, equal to an average annual rate of 3·7 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 34,837, affording an average annual rate of 25·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 19,914, being equal to an average annual rate of 14·6 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration.
(Table
xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 13,790 (6,715 males and 7,075 females); the number for the previous decade was 21,393, and for that ending with March, 1861, 27,756, making a total of 62,939 for the thirty years.

Registration of
Births and
Deaths and
Emigration.
Decrease in
the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 34,837 and the number of Deaths 19,914, a natural increase of 14,923 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 13,790, the net result shown is an increase of 1,133, whereas, according to the Census Returns, a decrease of 8,180 occurred during the decade, a disparity to be accounted for mainly by defective registration of Deaths in the earlier years, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, and 1881, but not in previous Censuses. The number in the County of Roscommon in 1861 was 856, in 1871, 545, and in 1881, 844.

(a) Cloontuskert, not containing 30 inhabited houses, its population has been included with the townland of the same name, on which it stood.

(b) The remainder of the town of Lanesborough is in the parish of Ratholine, barony of Ratholine, county of Longford; the entire town has an estimated area of 49 acres, and contains 272 persons; this portion stands on the townland of Ballyleague. All the houses and population of Ballyleague townland were included in the town in 1871. The total decrease is attributed to emigration and removals to other localities.

(c) The remainder of the parish of Kilbride is in the barony of Roscommon, see p. 458; the entire parish contains 2,601 persons.

(a) The Civic Districts comprise the townships of Athlone (part of), Ballinasloe (part of), Boyle, and Roscommon.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described
The value or condition of a house, as to its quality, may be considered to depend mainly on—

- 1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.
- Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to eight rooms and windows, and in the first class all houses of a better description than the preceding.
- The accommodation which the houses afford has also been arranged under four classes, viz. —
- First Class accommodation consisting of 1st class houses occupied by one family.
- Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.
- Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.
- Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent or Justice and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons aged 15 years and upwards, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first, of which there are none in the County of Roscommon.

See Rules of Commissioners of National Education, page 2.

(b) "Incorporated Society's" (Ranelagh).
